October 8, 2025

Dear Dr. Kurihara,

Congratulations!! On behalf of the Credentialing Committee, Executive Committee, and the membership of The Macula Society, we are pleased to announce that you have been accepted as one of the new members of the Society. You were chosen from a large group of superb candidates, and this year's application process was especially competitive. You should be uniquely proud of your outstanding accomplishments and contributions.

The 49th Annual Macula Society Meeting is February 25-28, 2026, at the Del Coronado, San Diego, CA. We hope that you will be able to attend and receive due recognition for your achievement. We look forward to your future active participation and scholarly contributions. Your remarkable academic credentials and personal qualities will add to the high standards of The Macula Society.

Should you wish to submit an abstract for the 49th Annual Meeting, we would like to invite you to submit an abstract via The Macula Society website (www.maculasociety.org) by October 18th (deadline extended just for new members). On the website, there will be information regarding submission of abstracts and meeting registration after you confirm and update your profile.

Again, congratulations, and we look forward to seeing you in person at future Macula Society meetings!

Sincerely,

Manjot K Gill, MD, MS, FRCS (C)
Credentials Committee Chair
